

Dear Homeowner,

I hope this letter finds you well. At Sam's Heating & Air, Inc., we prioritize the well-being and comfort of families like yours. As a family-owned business with minimal overhead, we are delighted to offer you an exclusive opportunity to enhance your home's air quality at an incredibly affordable price – just **\$1,099** for the top-of-the-line **HEPA Filtration Units**. This unit attaches to your existing home's furnace and AC system and supplies your whole house with HEPA level filtered air.

Our commitment to providing high-quality yet budget-friendly solutions stems from our understanding of the importance of a healthy living environment. Indoor air quality directly impacts your family's health, and our HEPA Filtration Units are designed to address this concern effectively.

Here's why choosing the Hero HS300 HEPA Filtration Unit installation is a smart decision:

- ★ **Advanced Filtration Technology:** Our HEPA filters boast an impressive 99.97% capture rate, ensuring the removal of dust, pollen, pet dander, mold spores, and microscopic pollutants, creating a healthier living space.
- ★ **Family-Owned Affordability:** As a family-owned business with minimal overhead, we take pride in passing on the cost savings to our valued customers. Our \$1,099 price point reflects our commitment to making clean air accessible to all.
- ★ **Easy and efficient to install!** Our skilled technicians can complete the installation in just an hour, requiring only an outlet nearby. This quick and hassle-free process ensures minimal disruption to your daily routine.
